Aplikacja umożliwia zdefiniowanie dowolnego raportu np. na potrzeby działu inwestycji komitetu inwestycyjnego lub działu marketingu. Aplikacja wspiera proces raportowania dostosowany do wymogów wynikających z dyrektywy UCITS IV (KIID).

### Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

**123 Fund, a sub-fund of ABC Fund SICAV (ISIN: 4321)**  
This fund is managed by ABC Fund Managers Ltd, part of the XYZ group of companies

#### Objectives and Investment Policy

Joint description of the objectives and policy of the UCITS in plain language (not copy-out of the prospectus)

Essential features of the product which a typical investor should know:

- main categories of eligible financial instruments that are the object of investment
- a statement that the investor may redeem units on demand, and how frequently units are dealt in
- whether the UCITS has a particular target in relation to any industrial, geographic or other market sectors or specific classes of assets
- whether discretionary choices regarding particular investments are allowed, and whether the fund refers to a benchmark and if so which one
- a statement of whether any income arising from the fund is distributed or reinvested

Other information if relevant, such as:

- what type of debt securities the UCITS invests in
- information regarding any pre-determined pay off and the factors expected to determine performance
- if choice of assets is guided by growth, value or high dividends
- how use of hedging / arbitrage / leverage techniques may determine the fund's performance
- that portfolio transaction costs will have a material impact on performance
- minimum recommended holding term

#### Risk and Reward Profile

Lower risk ← Typically lower rewards | Higher risk → Typically higher rewards

1 2 3 4 5 6 7

Narrative presentation of risks materially relevant to the fund which are not adequately captured by the indicator:

- Credit risk, where a significant level of investment is made in debt securities
- Liquidity risk, where a significant level of investment is made in financial instruments that are likely to have a low level of liquidity in some circumstances
- Counterparty risk, where a fund is backed by a guarantee from, or has material investment exposure through contracts with, a third party
- Operational risks including safekeeping of assets
- Impact of any techniques such as derivative contracts

Narrative explanation of the indicator and its main limitations:

- Historical data may not be a reliable indication for the future
- Risk category shown is not guaranteed and may shift over time
- The lowest category does not mean 'risk free'
- Why the fund is in its specific category
- Details of nature, timing and extent of any capital guarantee or protection

### Charges for this Fund

The charges you pay are used to pay the costs of running the fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.
